Message from the Commodore- Michael Hunt

The Gulf Yachting Association held its Spring Meeting and Regatta the first weekend of May at the Ft. Walton Beach Yacht Club. The event was well-attended and routine business, consisting of committee report after committee report was consummated in an orderly and efficient manner. Several rule changes that affect non-GYA clubs that want to become GYA affiliates or full GYA members, but nothing that significantly affects our Club directly.

As a matter of information, The Point Yacht Club was represented at the regatta by Neal Rowell and Denny Blume who, while unable to recruit another club member to race the Flying Scott, were able to find someone from another club to crew with them on a Fish Class boat. I understand they did pretty well. THANKS NEAL AND DENNY!

Don't forget upcoming events at the Club beginning with the Board and General Membership Meeting on June 10. The Pelfrey's are hosting the Membership Meeting and I am certain that the meal will be wonderful.

On June 10-11, the Fitzgibbon's are hosting the annual “Scrub your Bottom” Raft-Up and Party. Randy and Jeanne are planning to bring Beef Brisket and some vegetables for Saturday evening and are requesting that others bring a favorite side dish to go with the brisket. Bring some of your favorite snacks to share during the afternoon social as well. Jeanne said she would bring some breakfast casseroles for Sunday morning. Others might want to bring something to share as

well. By the way, I understand there might be “Mimosas” on the Sunday morning menu as well!

To top off the first full month of summer, the Point Yacht Club will sponsor the “We Found the Bay Race” and Cookout on June 26. This is a fun, low-pressure race that everyone will enjoy. To make it even better, Charlie and Karen Brown are working up a special meal for us to enjoy after the race.

Looking forward to seeing everyone at the Membership meeting and the great events planned for this month. Wishing you fair winds and following seas.

Michael
