October 2005

Message from the Commodore-

Lee Pelfrey

The 18th annual Lost Bay Regatta is now in the history books. By all accounts, it was a roaring success. The race was great—45 boats, the weather excellent, although the wind was 40 minutes late (we'll have to work on that for next year), the food outstanding, the music and partying spoke for itself (I understand Friday night turned into Saturday morning for some.), the new trophies were well received and the merchandise selection was awesome. I suspect we may have set a record for merchandise sales. The yacht club deck was finished on time complete with electricity and our sign from the old clubhouse.

The members who pitched in to make sure this event happened are too numerous to mention. The Lost Bay Committee and other volunteers have my heartfelt appreciation for their hard work. It was gratifying to see someone willing to jump in and handle whatever task popped up. An event of this size cannot be successful without this kind of teamwork. The spirit of the Point Yacht Club is alive and well. One lady made a point of telling us "Of all the clubs on the coast, you guys probably have the least resources, but you put on the best regattas." I think everyone recognizes the adversity that the coast sustained this year and appreciates our effort to make a small step back to normal. This image may be the key on which to continue to build our club.
