

The "Tell Tale"

The Point Yacht Club Newsletter

July 2005

Message from the Commodore-

Lee Pelfrey

2005 is half gone and we are in a countdown to Lost Bay. The publication is at the printer and the plan is to have them distributed the last week in July. If anyone knows where the mailing label disk from last year is, please let me know. It would be very helpful.

My thanks to Vice Commodore Guy Storey for standing in for me at the June Board/Membership meeting. I understand the tropical dishes were outstanding. The Fort McRae raft up went by the wayside, courtesy of Tropical Storm Arlene. We had better luck for the We Found the Bay Race and Cookout. It was a beautiful day with winds at 10-15 for most of the race. We had a good turnout with First Place going to Jo and Chris Hood on Cannonball; Second Place to John Shaw on Flirt and Third Place to Brett and June Holk aboard Clewless. Much appreciation to Neal and Pam Rowell for the outstanding custom made Knot Board Trophies and organization of the race and fun cookout.

Those of you who couldn't attend the Man Overboard Class missed an interesting and thought provoking event. Thanks to the Pensacola C.G. Auxiliary's Nancy Patterson and Judith Adkinson for an excellent job of getting us to find out first hand just how hard it is to bring a small dummy out of the water from a stationary deck, much less hoisting a person from a rocking boat. Kathy and Hank Coate did an excellent job of setting up this event... Hopefully we can do more of this type of thing in the future. Also, thanks to board member Harold Gibson for the use of his dock.

The Point Yacht Club will host the Fast Women Race on Saturday, July

16. We would like to complete this phase of the Yacht Club Deck for this event. We now have the benches installed and Neal has repaired the roof. All that is left is the railings and some trim work. At that point we can put up some club identity and private property signs in an attempt to secure the deck to prevent some of the outside usage that has been taking place. We are scheduling a workday for Saturday, July 9 at 8 am. We will need hammers, saws, etc. Please try to let us know if you can attend.
